

SUOMI  FINLAND**HEALTH CERTIFICATE****for export of heat-sterilized meat products from Finland to the Republic of Korea****I General information**

I.1 Certificate number _____	I.2 Competent ministry of exporting country Ministry of Agriculture and Forestry of Finland
I.3 Competent central authority of exporting country Finnish Food Authority	I.4 Competent local authority issuing this certificate
I.5 Country of dispatch and ISO Code FINLAND FI	I.6 Country of destination and ISO Code REPUBLIC OF KOREA KR
I.7 Consignor/exporter Name Address Email address	I.8 Consignee/importer Name Address Email address
I.9 Place and date of loading	I.10 Place of destination
I.11 Departure port/airport	I.12 Entry port/airport
I.13 Means of transport and identification of transport	I.14 Required temperature during storage and transportation
I.15 Type of packaging	I.16 Number of packages
I.17 Gross weight	I.18 Net weight
I.19 Container number(s) / Seal number(s)	

II Identification of the product(s)

#	II.1 Slaughterhouse (name, address and approval number)	II.2 Cutting plant (name, address and approval number)	II.3 Processing plant (name, address and approval number)	II.4 Storage facility (name, address and approval number)
1				
#	II.5 Meat of animal species (scientific name) ⁽¹⁾	II.6 Country of origin of the products and ISO code	II.7 Type and name of product	
1				
#	II.8 Date(s) of processing (start date and end date of the processing period)	II.9 Type of heat-treatment (in accordance with attestation 3)	II.10 Shelf life	
1				

III Attestation

I, the undersigned Official Veterinarian, do hereby certify that:

1. slaughtering, processing, packing, distribution, handling and storage of the exported livestock products have been performed in compliance with sanitary regulations on livestock products enforced in the Republic of Korea and these products have been handled and shipped to the Republic of Korea in a manner avoiding re-contamination;
2. the exported livestock products were manufactured with raw materials that are derived from animals which have passed ante and post mortem inspection conducted by or under the supervision of official veterinarians and the products are suitable for human consumption;
3. the exported livestock products have been heat-sterilized by exposing the product's central internal portion to 120 °C for 4 minutes or with an equivalent or more effective method as defined in field II.9 of this certificate;
4. the exported livestock products comply with the relevant criteria of standards and specifications regarding food processing in the Republic of Korea on chemical residues (antimicrobial agents, agricultural chemicals, hormones, heavy metals and radioactive materials) and pathogenic microorganisms (*Salmonella*, *Staphylococcus aureus*, *Clostridium perfringens*, *Listeria monocytogenes*, *Enterohemorrhagic Escherichia coli* and others) that cause public health risks;
5. containers or packaging materials for the exported livestock products comply with sanitary requirements in the Republic of Korea and they are made of materials that are clean and harmless to humans and sterilized products are placed in air tight containers or packages; and
6. the exported livestock products are suitably labeled to show the product name, manufacturer and date of manufacture (or sell-by date).

_____ Done at (place)
